

The Twentieth Annual Great Lakes Star Gaze

Sept. 22nd to 25th, 2022

“A Star Party with Dark Skies”
Held at River Valley RV Park
Gladwin, MI

GENERAL INFORMATION:

Location and dark sky are the main attractions of this star party. Gladwin’s central location provides excellent observing without traveling hours into Northern Michigan. Limiting magnitudes are estimated to be around 6.5 at zenith with some minor light domes from the cities of Mt. Pleasant and Midland, some 30 miles away. This is a star party for the astronomer who loves to observe and mingle with other astronomers. We will also have a tour of the night sky, swap meet, and a fishing contest (kids only) planned!
